## The perfect musical accompaniment to your perfect day

Your wedding day is the most important and memorable day of your life - you want it to be perfect, and so do we! From the moment you first contact us, we will be happy to guide you through each aspect of the day, from where in a venue to have us play, to music choices. You can take advantage of our free music consultation too, so that you can just relax on the day knowing that we will take care of all the music for you.

A string quartet is the perfect accompaniment to a wedding. Not only is it a group with the most sumptuous sound, it is also one of the more flexible ensembles. We can relocate in minutes during your day, and our large and eclectic repertoire can create a variety of moods; from an elegant and formal selection of Baroque classics for a regal venue, to a more upbeat and laid-back selection of Gershwin and jazz classics. We also have an extensive repertoire of pop songs, so if McCartney and Muse are your thing, we'll have your guests tapping their feet (and often singing along!) in minutes.

After more than 1200 weddings, we have an intimate knowledge of each part of a wedding day. We also have a good working relationship with nearly all of the major venues in the South West, with most of them recommending us! Yet, we still recognise each day is unique - tell us your vision and we'll create it for you. And, as we don't work on an hourly-rate, if things don't go quite to time on the day, you can be sure that we'll keep entertaining your guests for as long as you need.

### What some of our couples have said

*"Thank you for such wonderful music, quiet enough to chat to other guests when we wanted, loud enough, when we weren't chatting, to listen out for our special requests which you played so beautifully.*

*What a brilliant idea giving us song requests, quite perfect, well done" - Diane (3/2017)*

*"Dear All, We just wanted to say a huge thank you. Everyone commented on how brilliant you were over the course of the wedding, from before the ceremony, until after the drinks reception. My son also thought it was awesome that you played Clean Bandit. I think he was expecting classical stuff but you managed to impress a 13 year old boy too! Thank you once again. Your music was just amazing and you really made our day perfect"*

*- Laura (2/2017)*

*"Music was just amazing! Great quartet highly recommended to anyone." - Jane (6/2017)*

### How does it work?

Specially prepared cards are placed on each table, each with a selection of our repertoire. The card invites guests to choose pieces to dedicate to the Bride and Groom, either as individuals or as a table. Guests are invited to sign their name alongside their choices so that you have a lasting souvenir of the music guests wanted played for you.

## Our music

The Ardeton String Quartet have one of the largest repertoires in the country, with over 16 hours of music to choose from. As well as all the usual 'familiar' classics you'd expect, we have around 200 pieces of jazz, tv and film themes to suit all tastes. We are exceptionally proud of our pop and contemporary music arrangements - hundreds of songs chosen for their suitability for weddings, parties and events with no 'fillers'. All expertly arranged for the quartet, they include some of the latest songs from artists such as Ed Sheeran and Adele, alongside many of the 'essentials' you'd expect to hear at a wedding disco - each given the special Ardeton Quartet twist.

*“Fantastic playlist. Flawless music”*

*“They played beautifully and made our day so special,  
and I will always treasure the sound of them playing  
while I walked down the aisle”*

*“Amazing! We can't thank you enough for playing at our wedding.  
It made the day! We had so many compliments off of our guests.  
Would without a doubt recommend anyone considering having you  
play at their wedding to do it!!”*
